# HOW CAN POZY HELP?

POZY, with its programmed frequencies, has a long-term effect. It raises the flow of energy and empowers the immune system of your pet. It also has a strong calming effect on the autonomous nervous system. With much more efficiency, your pet will be able to get rid of accumulated stress, tensivity, nervousness, and anxiousness. Thanks to that, the pet will be calm, much happier, less frightened, less nervous, less aggressive, and resistant to many health issues. POZY is also efficient help for defense against the influence of strong ELECTRO SMOG from electric circuits, technical devices, repeaters, and wireless technologies in your living space.

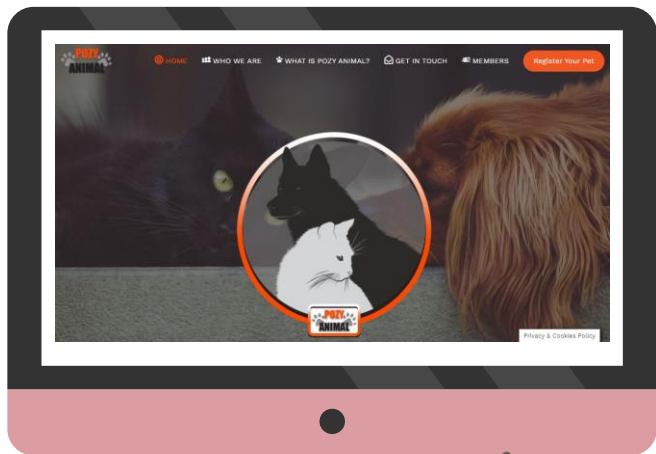

# WHAT IF YOUR PET GET LOST?

POZY significantly raises the chance that you will find your PET quickly with ID OWNER system service and **that is free of charge!!** 😊
